

Let Knowledge Flow

Providing learning opportunities around the world!

Department of Women's Ministries

WWAM Project

2002 - 2004

Church

of God women are excited about reaching out to others and enhancing their lives. We have made dreams come true by building a dormitory for girls, medical clinics, a birthing clinic, and orphanages in Brazil and Mexico. Through these efforts, women and children have greatly benefited.

Our current undertaking is no exception! The women of the Church of God have responded to the cries for help from men and women around the world who thirst for knowledge. To be better equipped to fulfill the Great Commission, these men and women desire to study to show themselves approved in order to more effectively communicate the gospel to those in their world. For most, this is an impossible dream; they cannot leave their jobs and homes to attend a Bible college. With God's help, the women of the Church of God will see the impossible made possible! We are taking the training to them by partnering with World Missions in their training emphasis.

With

a contribution of only \$1,000, a women's group, Sunday school class, local church or an individual will provide the equipment and materials needed to begin an International Learning Center. The equipment will include a television and VCR. The materials are those developed by the School of Ministry. Presently translated into Spanish and French, these materials will eventually be available in Chinese, Portuguese, Bulgarian, and Russian. There will be a minimal charge for the materials to those who can afford it. Those who cannot pay for their training materials will be provided them free-of-charge.

Women

are already enrolled in the existing International Learning Centers located in Tortola, British Virgin Islands; Fiji; Luxembourg; Australia; and Ghana, to name a few. Many more will join the men in their area to receive this training as we, the women of the Church of God, make it possible. This training will not only enhance the quality of the church and discipleship efforts, but as these men and women are given the opportunity to study God's Word, their lives and homes will also be changed. Physical and verbal abuse against women and children, a sad reality all over the world, will diminish as men learn that this is not pleasing to the Lord. The children will readily see that their parents are happier and have joy and peace in their lives. Additionally, those children will grow up knowing that biblical training is within their reach, and that the women of the Church of God care about them and the quality of their lives.

One of these International Learning Centers will be housed in a multi-purpose building in Suva, Fiji. They are depending on us to help them purchase the building for this training. Other ministries to be housed in that building will be a feeding program, women's counseling program, the national office and a local congregation.

Join

us in taking the Water of Life to those in dry and thirsty lands. Help us provide the building in Fiji and a minimum of 200 additional International Learning Centers all around the world. As each one responds to God's leading, together we will raise in excess of \$400,000 to meet these needs.

A.W. Tozer said, "We have it within our power to give the quality of eternity to everything we possess. When you get to heaven you will find your wealth again."

In heaven, your wealth will not look like it does here on earth. You will find it in the faces of those whose lives were changed because you gave and made it possible to take training to them. It will also be seen in the faces of those won to the Lord by those who received the training.

Through use of a video library, study guides, and textbooks, students at an International Learning Center will take courses in such areas as:

- Faith Foundations
- A Journey Through the Old Testament
- A Journey Through the New Testament
- Living the Faith
- Knowing the Holy Spirit
- Walking in the Truth
- Leading With Integrity
- Understanding Yourself and Others
- Equipping People for Ministry
- Helping People in Crisis
- Communicating Effectively

Your contribution will help build International Learning Centers in these locations:

- India
- Indonesia
- Zambia
- Malawi
- Rwanda
- Burundi
- Tanzania
- Zimbabwe
- Kenya
- Germany
- Bulgaria
- Spain
- Mexico

Thank you for opening your hearts and hands to spread the gospel around the world.

"For whosoever shall give you a cup of water to drink in my name, because ye belong to Christ, verily I say unto you, he shall not lose his reward" (Mark 9:41).
